

Build a **GEOGRAPHY** or **GEOLOGY** textbook that fits your course needs exactly. Then create a customized lab manual to match it. **You're in control.**

Designed for courses in geography, geology, earth science, meteorology, and oceanography, *Geos: The Pearson Custom Library for Geography and Geology* allows you to select content from leading textbooks spanning the curriculum, as well as corresponding labs from the best laboratory manuals.

This expanded program now offers you **18 leading textbooks** from Pearson Prentice Hall, and **16 laboratory manuals** from Pearson Prentice Hall and Vernier Software and Technology. With our easy to use online book-building system, create your own customized book by selecting the chapters you need, in the correct sequence. Delete material you don't use. **Your students pay only for the content you choose.** Request an **evaluation copy** of your custom text delivered in 7–10 business days for black and white content, or 10–14 business days for color.
